

# Where?

by Dave Calder

Where do you hide a leaf?

In, if possible, *a forest*.

Where do you hide a wind?

Among a straw *in dust*.

Where do you hide a horse?

Within a cloth *or sea*.

Where do you hide the sun?

Behind clouds, *under horizons*.

Where do you hide water?

Below *a terrible flood*.

Where do you hide a storm?

Inside a ghost *or magician*.

Where do you hide a word?
