

Equipment needed for Year Two Maths

The equipment listed below is **essential** for the Year Two Maths Course. Before you start this course you will need to ensure you have at home everything on this list. However, you may find you have some of the items already. You may also choose to make some of the items at home.

On the course, in General Resources we also provide you with a printable set of dominoes, counters, 2D shapes and a simple recipe to make play dough.

20 Bead String	
100 Bead String	
20 Cubes of 2 Different Colours
